Robust provider network

WellSense Clarity plans are available to residents of Belknap, Strafford, Merrimack, Hillsborough and Rockingham counties. This is an HMO network that offers access to the region's top healthcare facilities and doctors at affordable costs, without the need for a referral to visit specialists. To search all in-network providers, visit wellsense.org/find-a-provider.

\$0 preventative care

Access to preventive care is essential for your health. A number of healthcare services are covered for adults and children with no cost sharing, including:

- Screening tests and procedures for a wide range of conditions (e.g. blood pressure, colorectal cancer, type 2 diabetes)
- Health services for pregnant women, including routine prenatal care
- Annual physical exams
- Immunizations

Added perks

Get more value from your plan with extra benefits that cover your whole health, like:

Behavioral health services to support emotional and social needs, such as anxiety, depression and substance use

Help treating chronic conditions through WellSense care management services

Access to 24/7 nurse advice, so you can get guidance in a pinch.

National urgent care access

If you are outside of the service area and get hurt or sick, you can access urgent care services and pay the same as you would at home. This coverage provides peace of mind when you travel within the U.S., when dependents are away at college and when you need care quickly.
